

LAKEVIEW FARMERS' MARKET Community Booth Application Form

The Lakeview Farmers' Market is operated by CreativeHub 1352 which is a non-profit community organization operating at the Small Arms Inspection Building and site. The CreativeHub 1352 programs focus on environmental and cultural initiatives. All proceeds from the market are reinvested into the market to support local farmers, producers, artisans and education.

The goal of the Lakeview Farmers' Market (the Market) is to enrich lives by providing access to vendors with organic or sustainably grown local produce and small batch products and provide an income opportunity for local farmers, producers and artisans.

The Market organizers believe in providing outreach opportunities to the community to support capacity-building and creating a vibrant community destination. The Lakeview Farmers' Market (LFM) sets aside one subsidized space within the Market for community groups or non-profit organizations in Mississauga to promote and support their mission and outreach goals. We are committed to featuring an organization each week that adds value to our family-friendly market atmosphere. We hope the groups use this opportunity to promote their upcoming events, projects, and educate our market-goers about their purpose and goals.
